

IS AUSTRALIA WATER-RICH?

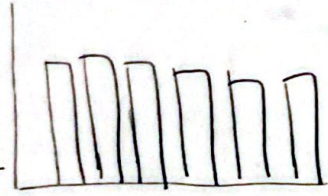

Australia's water security and consumption

(introduction)

How MUCH WATER DO AUSTRALIA RECEIVE?

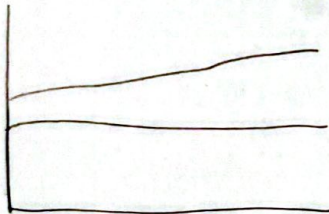

national rainfall over the years

stacked bar chart

description

water supply proportion over the years

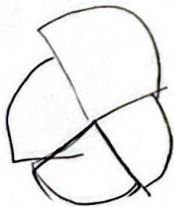

stacked area chart

description

INDUSTRY DEMAND AND WATER CONSUMPTION

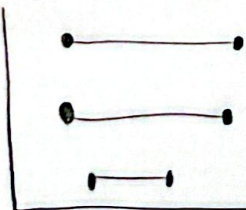

water usage by sector over the years

radial bar chart

slider
ears

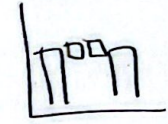

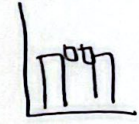

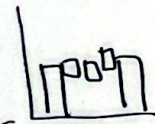

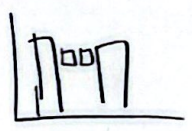

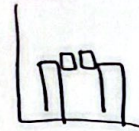

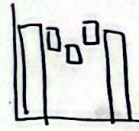

water usage and water consumption by sector

connected dot plot/dumbbell chart

description

reuse water by industries over the years

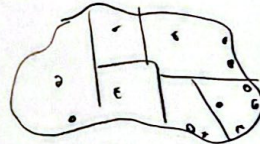

small multiple waterfall chart
per industry

description

RISK AND FUTURE PRESSURE

household annual water consumption vs
water restriction level

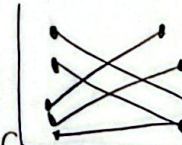

choropleth map
with dots points

description

WATER STORAGE AND RESILIENCE

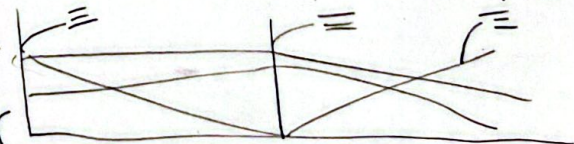

population growth against water storage

slope chart

description

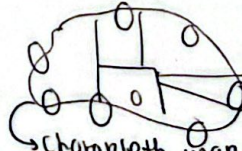

water storage stress vs Rainfall stress vs
water restriction score

parallel coordinate plot

annotation

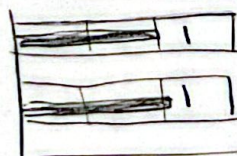

water storage vs rainfall

choropleth map
with symbol (vary by size)
